Czy średni wiek
samolotów
używanych przez
przewoźnika
wpływa na procent
odwołanych lotów?

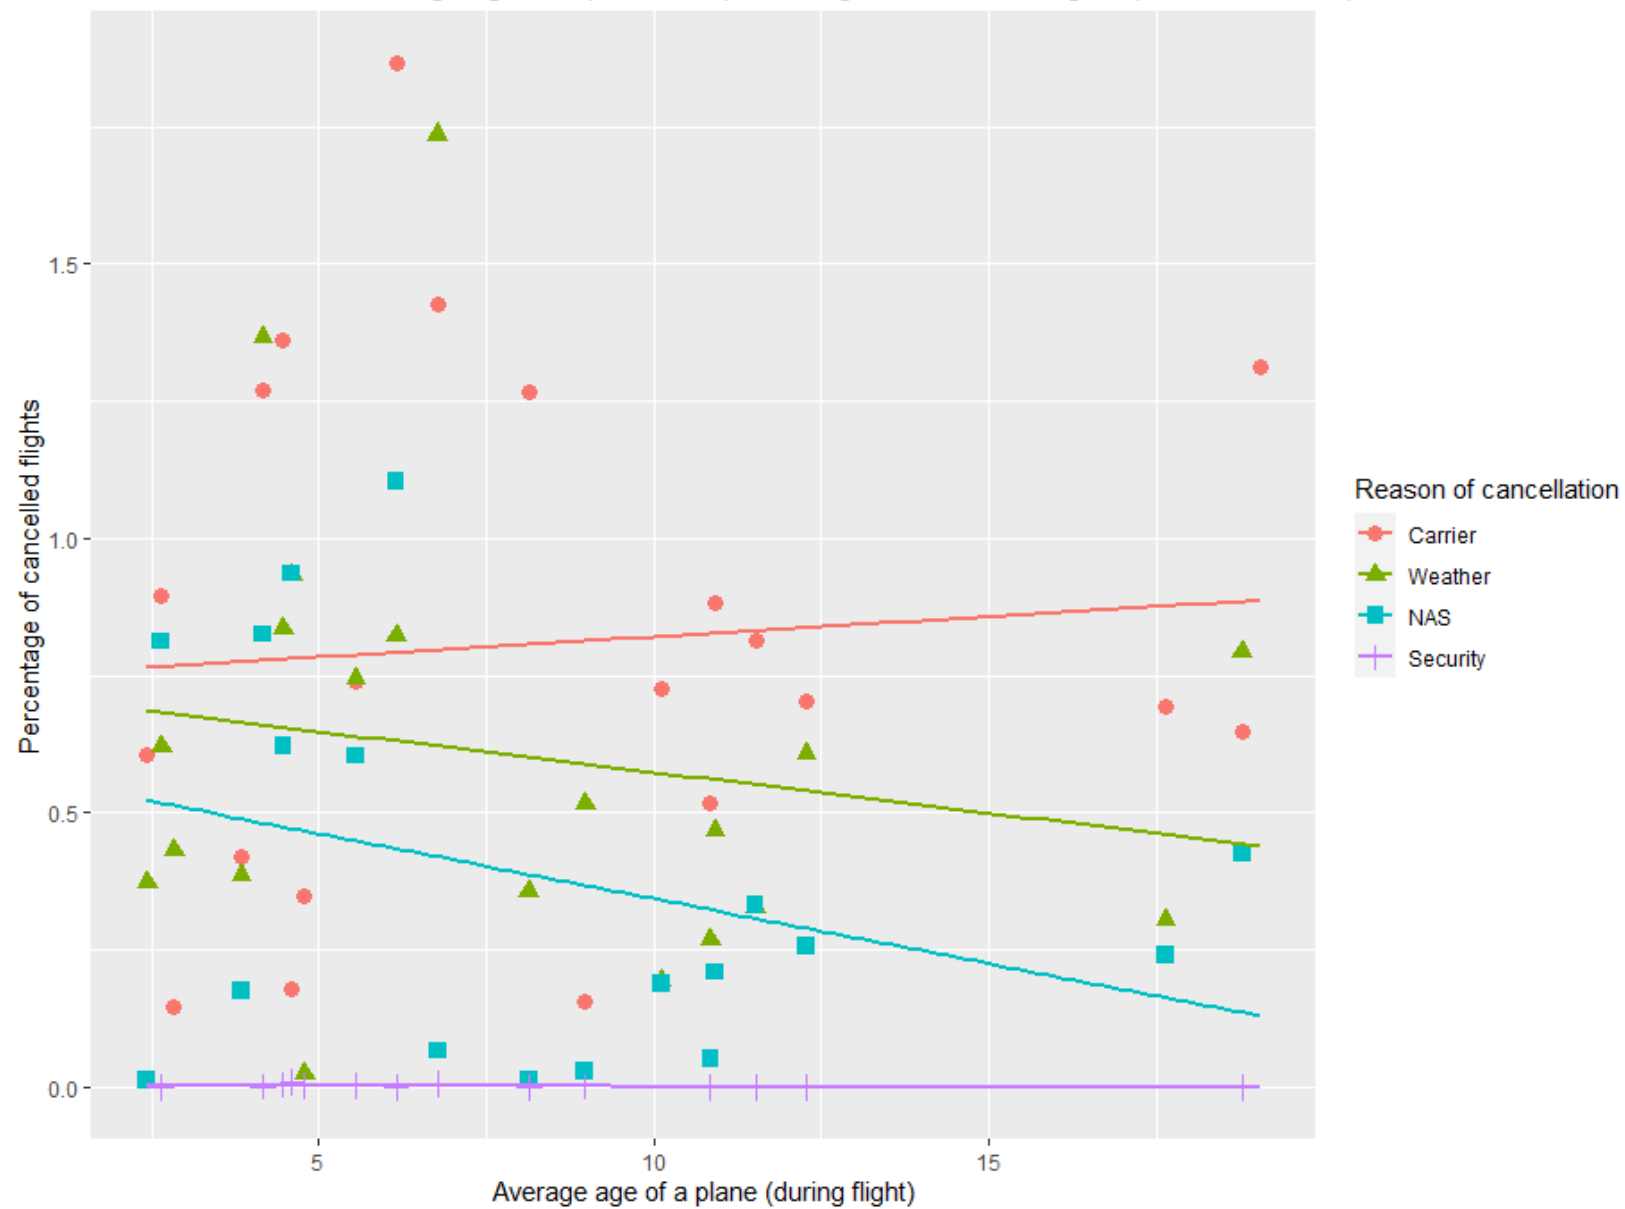

10	4:00P	On Time
19	3:15P	
5	4:35P	Now At 4:19
2	4:00P	Cancelled
16	4:47P	Cancelled
14	2:18P	On Time
53	4:09P	On Time
48		

Percentage of cancelled flights by carrier (2003-2008)

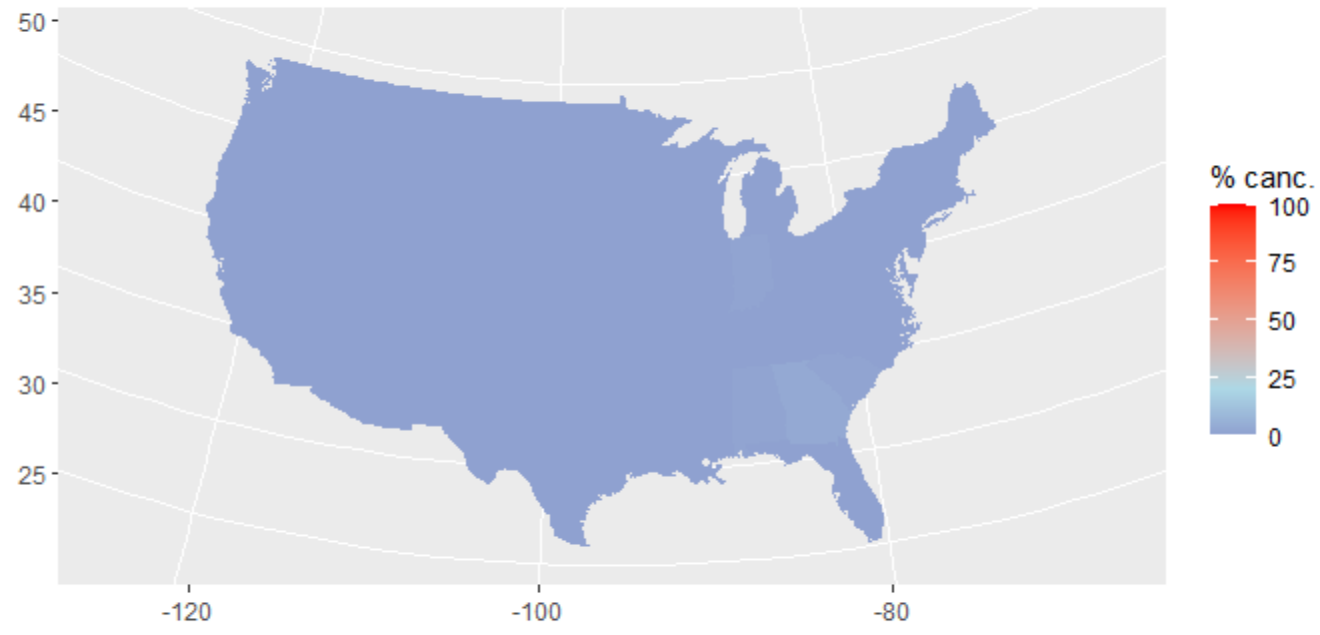

Correlation between average age of a plane and percentage of cancelled flights (for each carrier)

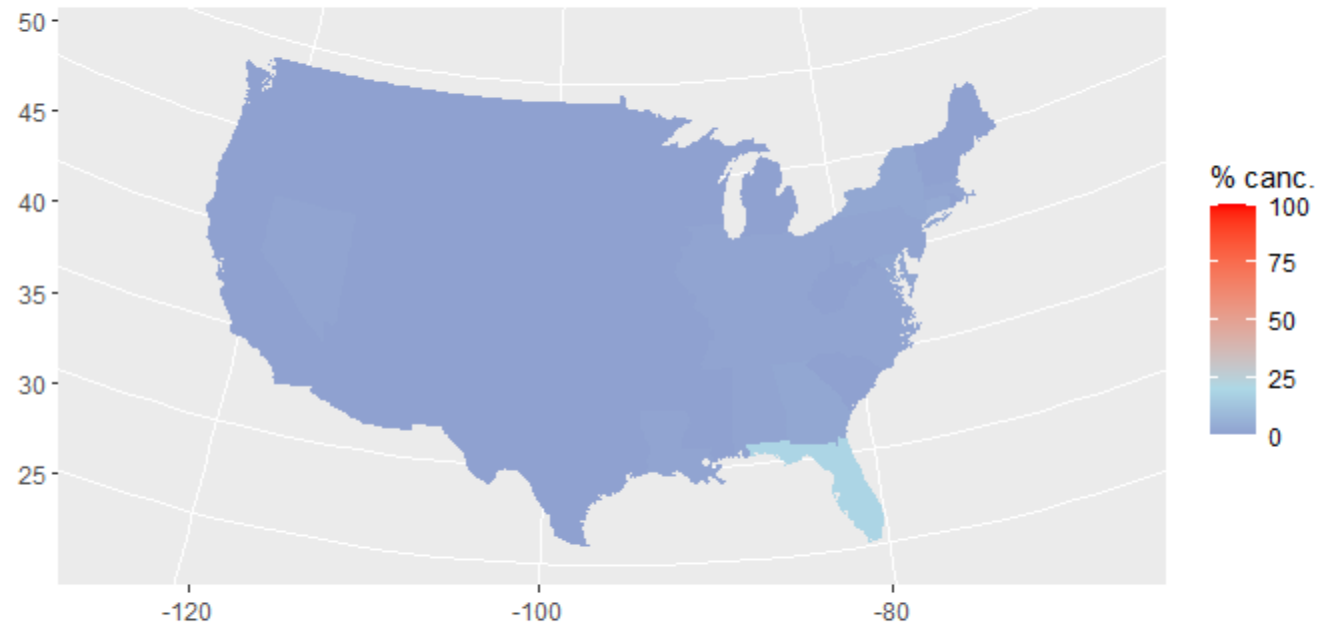

A satellite image of Hurricane Katrina over the Gulf of Mexico. The hurricane's eye is visible on the right side of the frame, surrounded by dense, swirling cloud bands. The ocean surface is dark blue, and the surrounding landmasses are visible in the upper left and bottom left corners.
